**Our daily adventures in the
Giraffe room with Miss
Catherine, Miss Emily and
Miss Jane**

Hey there Giraffe families, today we had a little extra time to play outside to start the day. Our music once inside we moved straight into our music lesson so group time was pushed back a little later. During group time Shivam introduced himself to the class and told us some of his favourite things. He mentioned that he likes to go swimming lessons which was a great way for him to connect to a few of his friend who also do swimming lessons. Lincoln and Dora both told stories of their swimming lessons and he was able to make a new friendships. Then Miss Jane found a story about a little boy who learnt how to swim and read it to the class.

QKLG. 1.1.1.1 feeling safe, accepted and supported

What a great morning for a music lesson, Mr Swaggie man joined the class today. The children all had the chance to play the ukulele and had a go at drumming on the gong. In their words it made a “big sound” “like this, *Doooong*.” We had a great time exploring sound and making music. Then to finish the lesson Mr Swaggie man brought a Koala puppet and let each child come over to pat him and say “hello,” he was so convincing that the children thought it was a real Koala.

QKLG. 4.1.3.2 Exploring the arts in different ways to represent ideas

QKLG. 3.3.1.2 Developing problem solving skills

The letter blocks we've been using this year were looking very plain and boring in a brown cardboard colour so today during art time the children helped repaint blocks. We used beautiful pastel coloured paint and each child was able to choose their own letter (most of them chose the letter at the beginning of their name). Little fun activities like this help us introduce the concept of letters, and letter/sound relationships as we head towards term two and the introduction of our literacy programme Sunshine Online...

Here's some extra photos from our day
